A. CALL TO ORDER and ANNOUNCEMENTS – Cecilia Ortiz

Ortiz called the EC meeting to order at 10:04am.

B. APPROVAL OF AGENDA - Action Item

Ortiz requested a motion to approve the agenda with the following changes. Adjust EC meetings to virtual, and edit the title for the secretary/treasurer.

Motion to approve the agenda. (M/Doebler, S/Burns, no discussion, passed unanimously)

C. APPROVAL OF MINUTES OF THE APRIL 18, 2025 MEETING (to be emailed) Action Item

Motion to table the minutes to the next EC meeting. (M/Doebler, S/Swearinger, motion carries)

D. <u>PROPOSAL FOR COVERING THE TASKS OF RETIRING SERVICE PROVIDERS (to be emailed)</u> **Action Item**

Ortiz acknowledged the leadership provided by Singletary for the Annual AOA conference planning, stating that, given the uncertainty of travel for the membership and the state of the AOA budget, this year is a critical time for planning to reduce costs and re-engage members.

Ortiz shared that a call for Service Providers was sent via email to all AOA members, and no additional candidates surfaced. The call was left open for two weeks.

Cairns presented the edited versions of the bridge contracts for the operations manager and financial support service providers' roles. The main items to highlight included an hourly rate as requested by EC in the April 18 meeting and a total number of hours.

Doebler – thank the officers for making the adjustments and providing an hourly wage.

Burns – ask what is the priority items that Kim and Dwayne will be focusing on? And whether other candidates would be considered after June 30?

Cairns — explained that since no other individuals came forward for the roles, the hope is to have Kim and Dwayne serve in their capacities with the bridge contacts until June 30 and bring to EC an annual agreement for the June 20 meeting.

Rios – provided clarification that EC wanted to see if other people would be interested in applying for service providers, and this was the reason this item came back to this special meeting.

Swearinger—requested clarification on the number of hours, considering an overlap with current service providers?

Kissel – asked about the language in the bridge agreements, seems too closed to an employee relationship rather than an independent contractor relationship.

Swearinger – agreed with Kissel

Wessel stated she sees Independent Contractors agreements with this language often.

Ortiz called for a motion to approve the amended contracts for the operations manager and financial support services.

Kissel – asked to include cash flow reporting to the quarterly reports for the financial support services role.

Forrest Boggs entered the meeting, asked for a briefing, and Cecilia provided a quick overview of the discussion.

(Motion/Doebler, Second/ Swearinger, Vote: 7 yes /0 no / 1 abstain. Motion carries.)

E. INFORMATION

Farrington asked about whether AOA still has the NACAS waiver. Ortiz mentioned that they can discuss after the meeting.

Ortiz reminded EC that the next meeting will be June 20. Forrest Boggs pointed out that June 19 is a holiday, and folks might be taking that Friday off. Ortiz asked EC to review their calendar and save the date for June 27.

F. ADJOURNMENT

Ortiz adjourned the Meeting at 10:36 am.

Items that would still need to find a new time/place

Past President's Meeting (has been a breakfast in the past years but last year was at 10:00 on Tuesday. Allow the Past Presidents to select)

President's Reception (Could be on Monday after the Business Meeting...kind of a pre-dinner cocktail hour)

Campus Gifts Drawing (what if they all became silent auction donated items that are displayed/located in the EXPO (provided there is room)...the bidding closing time could become part of EXPO programming. Funds raised could be directed to AOA somehow. Could also ask if others have silent auction items to include in the program (someone might have a hobby/craft, second home, tickets, signed ball/jersey, etc.)

AOA Monograph Writing and Publishing Guide

I. Background and Purpose

The mission and purpose statement for the Auxiliary Organizations Association (AOA) includes:

Professional development: access to information, leadership skills, and organizational management through a variety of mechanisms, ... [including] timely auxiliary information and resources.

For five decades AOA has published a commissioned professional monograph series for its members on governance, compliance and management.

AOA monographs are important for disseminating timely, specialized knowledge within the auxiliary organization community and beyond. Authored by experienced auxiliary professionals, these papers offer well researched, cogent analysis on specific topics – advancing knowledge, and fostering awareness, dialogue and common understandings.

Issue Briefs are salient primers, cutting to the heart of compliance matters in clear, concise plain language – backed by annotations.

This guide outlines the nature of the AOA monograph series, offers guidance on the publishing process, together with resources to support authors. Through planning, topic focus, and research, the monograph series will continue to contribute significantly to the AOA mission.

II. Nature of The AOA Monograph

A professional monograph should be a closely researched and well-reasoned work of academic proportions written by an experienced author or an author-group focused on a specific subject area or narrow topic of immediate or sustaining interest to member-organizations. Such papers are customarily brief, yet may be extensive depending on the topic. They are unlike textbooks or reference books, yet commonly rely on and cite authoritative book-works and resources.

Key characteristics of the professional AOA monograph include:

Focus: Scope should be carefully evaluated to delve thoroughly into a particular subject, often presenting new or restated research, theories or methodologies. They aim to advance knowledge in a specific subject area.

Authorship: By knowledgeable professionals who have conducted research on the topic, the work should reflect the author's relevant expertise and contributions to the auxiliary organization community.

Length: Length varies depending on the study, focus, the complexity of the topic, and specific AOA requirements. However, typical monographs range between 2 to 20 pages. Some monographs might be shortened to concisely restate a timely area of concern. In contrast, others on more data-intensive, technical, or expansive areas could be longer.

Peer Reviewed: These works should undergo peer-review processes to ensure the validity and reliability of the research and analysis. Volunteer colleagues with practical experience with the topic make good peer-reviewers. Authors should acknowledge contributions to the work.

Intended Audience: Primarily aimed at auxiliary boards and management, as well as university officials, and those charged with auxiliary organization interaction and oversight, the monograph should contribute to policy development, compliance, and more effective operations – a reference tool for evaluation and possible action, or reflection.

Value: Monographs should contribute to auxiliary leadership and management development, offering reliable analysis, insights, perspectives or data.

III. The Monograph Project Concept

Before considering a monograph project, several factors should be grasped to help ensure that planning efforts are well-directed and that the final product has positive impact and value.

Estimate Project Time and Effort

Writing a monograph requires substantial time and effort. It may involve extensive research and reading, as well as consultation on the chosen topic. An early, practical time and schedule estimate is crucial.

Proper Focus

Crafting a compelling proposal starts with a well-conceived topic suitable for monograph treatment. Subject matter treatment should be concise, yet thorough and presented in an organized fashion. Don't replicate information easily found elsewhere.

Audience Identification: The intended audience should be clearly understood, helping to tailor content, style and presentation.

Resources at Hand: Ensure that necessary research and peer-support resources will be available during the writing/editing phase.

Project Schedule: Refine the realistic schedule for research, outlining, drafting, peer review, revising, submission, additional editing and publishing the monograph – including possible delays.

Peer Feedback on Project Concept: Seek feedback from peers and mentors throughout the writing process, but particularly at the project concept phase to refine analysis and improve the overall quality of the work.

IV. Publishing the Monograph

Publishing an AOA monograph involves several steps after the concept phase to reach final distribution online.

A. Proposal and Submission

Understanding the Publisher: AOA is a member-organization governed by the Executive Committee as Publisher. Written proposals are judged on a cost-benefit basis through a review and acceptance process that may vary depending on the nature and scope of the project.

Preparing a Proposal: A monograph proposal should be written to include a brief statement of the project, a topic coverage-outline, target readership, project schedule, planned peer-review, and a cost estimate (usually expressed in hours/rate).

Explain how your work contributes to the AOA mission.

Submission: Submit the proposal in memorandum form (with attachments) to the AOA Business Manager on behalf of the Publisher.

B. Proposal Reviews and Approvals

Edit and Peer Preview: The AOA Publisher proposal-review process may involve editing and/or peer previewing with consultations involving the author. This stage ensures the scholarly value and quality of the work.

Revisions: Based peer previews, the proposal may need revision.

Funding Approval: If the Publisher is satisfied with the reviews and revisions, funding is authorized, and a publishing agreement offered outlining the terms and conditions, including deadlines and rights.

C. Manuscript Preparation

Writing: Complete the manuscript according to the agreed timeline and scope of work, involving thorough research, outlining, drafting text, initial self-editing, and peer-reviews. Monograph form and style should follow **Appendix** standards.

Submission: Submit the complete manuscript in WORD and PDF to the Business Manager for review, proofreading, and acceptance process.

D. Production

Copyediting: The Publisher will designate a copyeditor to review the manuscript for grammar, style, consistency and clarity. This stage involves close collaboration between the author and the copyeditor to address any queries or changes.

Design and Proofreading: The manuscript is evaluated according to the Publisher's standards. This includes layout, fonts, headings and any illustrations or tables. See **Appendix**.

E. Distribution

The monograph manuscript is then posted in PDF format on the *Resources-Reports* page of the AOA website once the final proof is approved. AOA members are free to read and download these posted papers.

F. Feedback and Reviews: On a coordinated basis, the author and Publisher collect and respond to feedback and reviews on posted monographs.

V. Support Resources for Authors

Writing a professional monograph can be a challenging as well as a rewarding experience requiring close planning, careful research, meticulous writing, and support. Here are some resources that can help through the writing stages:

A. Books and Guides

- <u>The Craft of Research</u> by Wayne C. Booth, Gregory G. Colomb and Joseph M.
 Williams provides insights into research methods and writing techniques essential for academic writing.
- <u>The Dissertation-to-Book Workbook</u> by Katelyn E. Knox and Allison Van Deventer offers a series of manageable, concrete steps with exercises to help revise an academic manuscript into publishable book form.
- <u>How to Write a Book Proposal</u> by Jody Rein and Michael Larsen is a comprehensive guide on writing compelling proposals.
- <u>Writing Successful Academic Books</u> by Anthony Haynes, Charles B. Harris and Ben Jonson is a practical guide that covers various aspects of writing and publishing.

B. Online Resources

- Academic Book Titles: How to title your monograph titles based on the quantitative data extrapolates more accessible monograph title suggestions.
- <u>Cambridge University Press Author Hub</u> offers resources for authors preparing, writing and publishing academic works.

- <u>Purdue Online Writing Lab</u> (OWL) offers a wealth of resources on academic writing, including grammar, style and formatting guidelines.
- <u>The Scholarly Kitchen</u> is a blog by the Society for Scholarly Publishing offering insights into the academic publishing industry.
- Writing Center at the University of North Carolina at Chapel Hill provides handouts and videos on various aspects of academic writing and publishing.

C. Software Tools

- <u>EndNote</u> is a reference management software that simplifies referencing and creating bibliographies.
- Grammarly is a writing assistant that helps with grammar, style and punctuation.
- <u>Hemingway</u> is a powerful writing software that helps organize and manage large writing projects like monographs.
- <u>Zotero</u> is a free reference management tool to help you collect, organize, cite and share research.

D. Academic Networks and Communities

- <u>Academia.edu</u> is a platform for academics to share research papers and follow the work of others in their field.
- ResearchGate is a social networking site for scientists and researchers to share papers, ask and answer questions and find collaborators.

E. Workshops and Courses

<u>Coursera</u> offers various courses on academic writing and research methods. <u>edX</u> provides online courses on writing and publishing in academia.

Professional Monograph Format and Style Standards

Each professional AOA monograph should follow a consistent format and style throughout. A modest number of format requirements are described below. Authors should follow accepted stylistic practices ("style guides"), consistent with the below standards.

Examples of widely used style guides include:

- MLA Handbook for Writers of Research Papers, Theses and Dissertations
- Kate L. Turabian, A Manual for Writers of Term Papers, Theses, and Dissertations.
- The Chicago Manual of Style
- The Redbook, A Manual on Legal Style

Format Standards

Monograph Elements

Monographs elements are typically presented in this order:

Collectively, elements numbers 1-7 are referred to as "Front Matter;" element number 8 is the "Body" or "Main Text" (which is usually divided into separate sections); and the remaining elements, numbers 9 and 10, are the "Back Matter."

"REQUIRED" means the element must be included in every paper; while optional means the author can elect to exclude that particular element. If an optional element is excluded, omit it entirely and arrange the remaining elements in the order indicated.

Front Matter

- 1. **Title** page (optional)--the date must be the month and year in which the paper is planned for publication. Do not number this page.
- 2. **Abstract** page which must be double-spaced (optional)—this page is typically numbered Roman numeral ii)
- 3. Copyright page (optional)
- 4. Acknowledgments page (optional)
- 5. **Dedication** page (optional)
- 6. Table of Contents (optional)
- List of Tables, List of Figures, List of Abbreviations, etc. (optional—only consider if one
 or more of these lists appear in the monograph). Use a separate page at the start of each
 type of list.

Body or Main Text (REQUIRED)

8. Body of monograph. Begin page numbering with Arabic numerals and number each page consecutively to the end of the paper. Do not skip any pages within the main body. At the heading on the first page: **Title**, **Author's Name**, **Date**, and followed by this inset:

Monographs are published for AOA member-organizations in support of authorized functions as auxiliary organizations in good standing. They are not intended to address specific circumstances of any particular entity, transaction, relationship, individual, or circumstance. They should not be relied upon as legal advice or as a substitute for it. Qualified professionals should be consulted if specific advice or information is sought. Regular governing board legal counsel briefings are encouraged and would include the topic of this paper. CSU Auxiliary Organizations Compliance Guide §7.6.1 (current revision)

Back Matter

- 9. References/Resources/Works-Cited, (REQUIRED)--however, it is optional if provided at the end of Main Body as endnotes or separate section, or as an appendix in Back Matter. If used, see standards below.
- 10. Appendix (optional).

Style Standards

Regardless of the appropriate style guide chosen, monographs submitted for publication by AOA should meet the following basic style standards.

Page Size: pages must be equivalent to 8 1/2 x 11-inches (letter size). Pages with figures and tables that do not fit optimally in "portrait" position may be set in "landscape" position (11" x 8.5").

Text: When creating the PDF file, make certain all fonts and symbols are embedded.

Line Spacing: The text should be single-spaced (1.0), or for short papers (up to four pages), space+ one-half (1.5). The same line spacing must be used throughout the document except in the following situations where authors may choose to use either single or double spacing. The decision to single or double space must be followed when these situations reoccur:

- Block quotations: lists in text, and table and figure titles can be single-spaced.
- Appendices: Spacing in appendices will depend upon the nature of the material. Line spacing in appendices may differ from the spacing in the text and may also differ across different appendices.
- Footnotes: Single-spaced and a single space should separate each footnote on a page.
- Endnotes: Single-spaced with single spacing of text between the notes.
- References Section: may use the same spacing of the text throughout or single space.
- Figure and Table Titles: It is recommended that they be single-spaced to help differentiate them from text.

Margins: All margins must be a minimum of 1-inch. Any of the approved manuals of style will give rules for setting margins that fall within these limits. Margins must be the same size throughout. Charts, maps, and other illustrative material must fit within the selected margins.

Font: Arial 12-point – one font size and use it throughout the paper Main Text. Smaller font sizes may be used in footnotes, endnotes, figure captions, large tables, and appendices if legible (Fonts smaller than 7 are never considered legible). 14-point should be used titles; 16-point for page top headers. The top center of each page is a catalogue identifying in Arial 16 Bold [number will be assigned with project approval].

Page Numbering: Page numbering begins with the first page of the Main Text, ALL pages, and continuing to the last page of the Main Text numbered consecutively with Arabic numbers (1,2,3,4...etc.). Pages prior to the first page of the Main Text need not be numbered. If so, enter with Roman numerals (I, II, III, IV...etc.).

Placement of Page Numbers: Page numbers must be placed in the bottom center on all numbered pages. Only the appropriately styled number is to be placed in the required location. Page numbers must not contain text or other symbols.

Placement of Page Numbers on Landscape Pages: Page numbers on landscape pages must appear in the same location as portrait pages.

Figures and Tables: Illustrations. diagrams, drawings, paintings, photographs, graphs are labeled as figures. Tables list information in an organized array of rows and columns.

- Material presented in figures or tables MUST fit within the required margins. They must not extend past the left, right, top, or bottom margins.
- Tables or figures which are too long or too wide for a single page should be continued on the next page. The continued material should be labeled with the word Table or Figure, followed by the table or figure number and the abbreviation (Cont.) All column and row headings for tables must be repeated on each continued page.

Location of Figures and Tables in Text: Figures and Tables are often inserted into the body of text near to the text that refers to them. If included in the Main Text, a figure should be placed as close as possible to the first reference made to it. However, inserting figures or tables into the body of the text is NOT required. Figures and tables may be grouped at the end of each section or at the end of the Main Body.

The following requirements must be met if Figures and Tables are presented as in grouped format.

- Do not insert some figures and/or tables into the text and group others at the end of chapters. Group all figures and tables or do not group any of them.
- Do not use figure or table "call outs" (e.g., <Place Figure 1.3 about here> or <Place Table 3.2 about here> anywhere.
- If figures and tables are presented at the end of the section, they must be grouped in the order they occur in the text. Do not group together by type. If the figure is followed by a table in the text the figure should be followed by the table when presented at the end of the chapter.
- When figures and tables are grouped at the end of a section within the main text, they are considered a section of that chapter and should be given the appropriate section heading, such as "Figures," "Tables," "Figures and Tables."
- If figures and tables are grouped at the end of the main text instead of at the end of chapters within the text, they are to be collected in a separate section or appendix which is numbered and given an appropriate title, such as "Figures," "Tables," or "Figures and Tables."
- Each figure or table may be placed on a separate page.
- Several figures or tables may be placed on a single page as long as they remain legible.

Headers/ Headings: Headings (i.e., section and subsection headings, etc.) must be formatted consistently. Section headings (titles) are always presented may be at left margin or at the top center of the page. The use of subheadings is generally up to the author. Subheadings may be numbered or lettered. Follow disciplinary practices, regarding the format of section headings and subheadings (especially regarding bolding, capitalizing, and numbering) and make sure that these practices are followed throughout the monograph. It is not necessary to list subsections in the Table of Contents.

Resources, References or Bibliography: Present these at the end of the Main Text.

- The list of sources presented should begin with the section heading centered on the last page if list fits, or as a separate page. While its heading is listed like a section title in the Table of Contents, the citation list should not be given a section number.
- Page numbers on the list of sources continue the sequence followed in the Main Text.
- Follow disciplinary rules for formatting citations.
- Citations must be preceded by a subheading or heading. Examples of common headings include "Literature Cited," "Resources," "References," or "Bibliography."

AOA Compliance and Legislative Program Guide

I. Background and Purpose

The mission and purpose statement for the Auxiliary Organizations Association (AOA) includes:

Professional development: access to information, leadership skills, and organizational management through a variety of mechanisms, ... [including] timely auxiliary information and resources.

The Compliance and Legislative Program, a long-standing, integral part of this organizational purpose, is overseen by Executive Committee under written policy,¹ managed under a Service-Provider agreement² by an Advisor, and includes several support and special program elements.

This Guide helps to oversee and facilitate program administration, and as an aid to an interim or successor program Advisor.

II. Program Elements

A. Support Services

Current Compliance Developments. The Advisor identifies, analyzes, tracks, updates, and reports to the Executive Committee and member-organizations on key compliance and policy development issues affecting auxiliary organizations, including Federal and California laws, CSU regulations and policy. Reports include periodic California Legislation Updates³ and an Annual Legislative and Compliance Report as a timely resource for the annual conference.⁴

Primary reference- resources for this program element include:

- CA Legislative Information https://leginfo.legislature.ca.gov/
- CSU Policy Library https://calstate.policystat.com/
- CA Attorney General, Charities https://oag.ca.gov/charities/
- CA Secretary of State https://www.sos.ca.gov/business-programs/
- NACUBO https://www.nacubo.org/Advocacy/Issues
- Independent Sector https://independentsector.org/policy/nonprofit-policyissues/

¹ AOA Policy and Procedures Manual, pages 17-18.

² Standard form agreement, renewed each year at the Spring Executive Committee meeting for a term beginning July 1.

³ *Updates* are typically included in Executive Committee meeting agendas, and posted in the Resources section of the AOA website.

⁴ The Advisor serves as an Annuitant Advocate for the CSU Office of Advocacy & State Relations, in providing requested summary analysis of bills that may affect auxiliary organizations.

AOA Leadership Consultation. In coordination with the designated officer or manager, the Advisor's support services are requested to review, analyze and report on governance, management, policy development, compliance matters, and business transactions affecting the organization.

Member-Organization Initial Consultation. Designated staff of member-organizations may seek *initial* consultation with the Advisor without charge on legislation or oversight issues, governance, compliance, policy development and management practices, exemption status, corporate formation, restructurings and dissolution, or related matters. This service element contemplates up to a one-hour limit per matter charged to AOA. NB: Member-organizations may, by separate contract, obtain Advisor consultation beyond this support service limit.

B. Special Project Services

Professional Monograph Series. For five decades AOA has published a commissioned professional monograph series for member-organizations on salient governance, compliance and management issues.

AOA monographs are important for disseminating timely, specialized knowledge within the auxiliary organization community and beyond. Authored by the Advisor or experienced auxiliary professionals, these papers offer well researched, cogent analysis on specific topics – advancing knowledge, and fostering awareness, dialogue and common understandings.

Monographs are commissioned at the request of the Advisor or by the Executive Committee to the Advisor. AOA may commission others to author monographs.

See Writing and Publishing Monographs Guide on AOA website.

III. Advocacy

To advocate for or against legislation, a law, or regulation requires the consideration and authority of the Executive Committee. The program Advisor's role is limited to analysis and assistance with forming and expressing the organization's position.⁵

IV. Invoicing for Services

The Advisor maintains close records on program services and invoices AOA (attention: Business Manager) on a calendar year quarterly basis.

Invoices describe the support and special services provided the previous quarter by date, client, matter, authorized hourly rate, and time charged.

2024 CALIFORNIA LEGISLATIVE BILL SUMMARY UPDATE

Bills of Interest to Auxiliary Organizations

June 27, 2025

Deadlines: The last day to introduce bills this calendar year of the 2025-26 California Legislative Session was February 21. "Spot bills" only hint at author's intent. After 31 days in print, they can be substantially amended. June 6th is the last day for each house to pass bills introduced in that house. *Only tracked bills passed in the originating house appear in this update.* "Gut and amended" tracked bills no longer of interest have been delated from this *Update.* September 12th is the last day to pass bills in the Session, and the Governor has until October 12 to sign or veto bills across his desk by September 30.

Bill status link: https://leginfo.legislature.ca.gov/faces/home.xhtml

Assembly:

AB 414 (Pellerin) – Residential Tenancies: Return of Security Balance. This bill, as amended in Senate, would require a landlord who received the security deposit or rental payments from the tenant electronically shall furnish the remainder of the security deposit electronically to a bank account or other financial institution designated by the tenant, or by any electronic or virtual method available to the landlord. Alternatively, the landlord and tenant may, by written agreement, designate another method of return, including, but not limited to, by personal delivery or by a check made payable to the tenant and mailed to an address provided by tenant. Passed Assembly; in Senate JUD Committee (6/11/25).

AB 483 (Irwin) – <u>Fixed-Term Installment Contracts: Early Termination Fees</u>. This bill, as amended, would, effective July 1, 2026, require at the time of entering a new or modified retail goods or services fixed term installment consumer contracts to:

- Include either a clear and conspicuous written explanation of the total cost of contract early termination; or the formula by which the fee is calculated, with sample calculation demonstrating the highest possible early termination fee under the contract.
- Prohibit an early termination or any similar fee in an amount greater than 20 percent of the total contract cost.

The above requirements would not prohibit a contract from requiring the return of a good if such a contract is terminated.

The provider of broadband internet access service under federal broadband consumer requirements, as specified, would be deemed compliant.

If enacted as amended, such contract requirements would likely have a very narrow application to any retail arrangements involving campus auxiliary organization goods or services. Auxiliary organizations would need to be alert to these requirements when entering such contracts for goods or services. Passed Assembly. In Senate JUD Committee (6/12/25).

AB 720 (Rogers) – <u>Winegrowers and Brandy Manufacturers: Privileges Off-premises.</u>
This bill would permit specified ABC licensed winegrower and brandy manufacturer off-premises to use wine storage and barrel tipping-off as exercise of license privileges, not as a part of production or manufacture.

Enactment of this bills would likely have little or no impact on campus wine production through auxiliary organizations. Application would be advantageous. Passed Assembly. In Senate GO Committee (5/7/25).

AB 878 (Kalra) – <u>Victims of Abuse or Violence: Landlord Reasonable Accommodations.</u> This bill, as amended, would require landlords or their agents to make reasonable accommodations at the request of a tenant who is a victim or whose family member is a victim of abuse or violence.

A formal notice and response process is specified. A landlord would be prohibited from retaliating or otherwise discriminating against a tenant for requesting a reasonable accommodation, as specified, and would provide that a landlord is liable to the tenant in a civil action for the same above-described damages, as provided.

The bill would also specify that it does not require a landlord to undertake an action that constitutes an undue hardship on the landlord, as defined, but engage in a thorough evaluation process.

If enacted, this bill would likely have little financial or administrative impact upon campus faculty/staff housing operations by or through an auxiliary organization as landlord, except to further prescribe a more detailed landlord-tenant relationship under the law. Passed Assembly. In Senate Rules Committee (6/5/25).

AB 1148 (Sharp-Collins) – Food Packaging – Hazardous Materials Product Safety. This bill, as amended, would enact the Safer Food Packing Act of 2025 by expanding product safety precautions to authorize the Department of Toxic Substances Control to adopt regulations to restrict or prohibit the distribution, sale, or offering for sale in the state any of food packaging that contains intentionally added antimony trioxide or specified orthophthalates or bisphenols. trioxide, bisphenols, or ortho-phthalates, as specified. The department and the Attorney General, a city attorney, county counsel, or district attorney General would be authorized to enforce the restrictions or prohibition and would subject a person to stated administrative or civil penalties.

The likely impact of this prohibition upon food packaging used by campus auxiliary organizations – as manufacturers, food service providers, or as retailers – is difficult to assess. A reformulation of materials will be needed, along with compliance through the marketing chain when regulations are adopted.

Passed Assembly, In Senate Committees EQ & Health (6/11/25).

Senate:

SB 98 (Perez) – <u>Elementary, secondary, and postsecondary education: immigration enforcement: notification</u>. This bill, an urgency measure, requires the governing boards of local educational agencies (LEA), the California State University (CSU), each California Community College District (CCD), and each Cal Grant qualifying independent institution of higher education and requests the University of California (UC) Regents to issue a notification to specified individuals when the presence of immigration enforcement is confirmed on their respective campuses or school sites. Passed Senate. In Assembly for assignment (6/5/25).

SB 271 (Reyes) – <u>Public postsecondary education: students with dependent children: childcare services, resources, and programs</u>. This bill requires each California State University (CSU) and California Community College (CCC) and requests each University of California (UC) financial aid office, childcare development center, and basic needs center to refer their respective students with dependent children to local resource and referral agencies, and each other for purposes of connecting and informing students of existing childcare services and resources. Passed Senate. In Assembly for assignment (6/5/25).

AOA MEMBERSHIP DUES POLICY

I. Background and Perspective

In 2011, the Executive Committee restructured the basis for the assessment of member-organization annual dues from reported *revenues* to *operating expenditures*.¹ The rationale for this change was carefully developed by a task force analysis recommended by the Long Range Planning Committee:²

This revised policy reflects the authorized 2011 assessment basis change to *operating expenditures*, and in major part restates the 2009 policy.

The 2009 policy was a consolidation of the August 18, 2006, *Membership Dues Policy* and the January 11, 2003, *Membership Dues Schedule and Limited Delegation of Authority Policy*. Those statements included a summary of action by the Membership at its 2002 Business Meeting to increase the dues rate, and to delegate limited authority to the Executive Committee to adjust the annual dues rates.³ A number of years had elapsed since the last membership dues rate increase. The Executive Committee explored with some success ways to keep the Association fiscally viable without an increase to the dues rate.

The Membership approved limited delegate authority to the Executive Committee to adjust the Membership Dues as set forth below. The expressed reason for this delegation was to provide a more flexible way for the Association to make modest rate adjustments from year-to-year through its governing board, while keeping the membership informed and able to budget for the dues payments.

II. Policy Scope

The Membership Dues Policy is the framework for determining membership dues assessments upon *individuals*, *member-organizations*, *commercial organizations*, and for *recognized affiliate organizations* in accordance with the Bylaws and membership policy.

III. Member Dues Categories & Assessment Basis

¹ Executive Committee Minutes/Agenda Item: August 19, 2011/J5.

² Executive Committee Minutes/Agenda Items: August 20, 2010/J2; November 19, 2010/J5; January 8, 2011/J5; March 18, 2011/J6.

³ At its meeting of November 30, 2001, the Executive Committee authorized a proposal for submission to the Membership at its Business Meeting to be held in connection with the 2002 Annual Conference.

- A. <u>Individuals</u>: No dues are charged for individuals of member-organizations participating in AOA programs, or through commercial or recognized affiliate member-organizations as approved by the Executive Committee.⁴
- B. <u>Member-Organizations</u>: Membership dues for CSU auxiliary organization members in good standing shall be assessed in accordance with the approved and duly published indexed Rate Schedule and shall be based primarily on prior year operating expenditures of the auxiliary reported by the CSU Chancellor's Office. The calculation shall be based on the total of the Expenditure data for the prior June 30 fiscal year is be provided to AOA by the CSU Chancellor's Office each January.
- C. <u>Commercial Organizations:</u> These organizations support the mission of AOA by participating via partnership as described in the Annual Conference Business Partnership Policy. These organizations are not subject to membership dues.
- D. <u>Recognized Affiliate Organizations</u>: Nonprofit organizations engaged in work pertaining to higher education and/or student affairs that support the mission and activities of AOA are not subject to membership dues, will be listed on the AOA website and may attend the annual conference at the AOA member-organization fee rate. Qualifying nonprofit organizations requesting designation as Recognized Affiliate Organizations should submit a request for approval to the AOA Executive Committee.

IV. Membership Dues Rate Limited Delegated Authority

The Executive Committee has delegated authority from the Membership to adjust the annual member-organization rate of dues a maximum of ten percent (10%) per year commencing in 2003 in order to sustain the financial stability of the Association and to maintain the level of service.

V. Member-Organization Dues Rate Schedule

The Member-Organization Dues Rate Schedule is established annually for an ensuing fiscal year based upon formal Executive Committee action and prompt notification to the Membership no later than January 31 of a previous year. Any adjustment of annual dues beyond the above delegated authority limit shall be referred to the Membership in accordance with the Bylaws.⁵

⁴ Bylaws Article III, Section 2.

⁵ Bylaws Article III, Section 4.

VI. Policy Review

This policy will be reviewed periodically as part of the Long Range Financial Planning process.

Approved by the Executive Committee on , 2025.

Associate Executive Director, Administrative Services University Licensing - CSUN 18111 Nordhoff Street | Northridge, CA 91330-8310 P: (818) 677-2744 / heather.cairns@csun.edu

Thank you for your interest in collaborating with IntersectLA. Using established branding and design methods, the IntersectLA team will work closely with you to develop a strategic and creative approach that supports your goals and objectives for this project.

As part of our educational mission, IntersectLA provides an environment where CSUN students are mentored by professional faculty and staff to become job-ready in the creative industry while fostering an entrepreneurial mindset. We implement high-impact, innovative practices that encourage students to be creative in the design process, explore new ideas, and apply advanced techniques as they develop solutions to client challenges.

IntersectLA is a self-funded center within CSUN's Mike Curb College of Arts, Media, and Communication. All funding from completed projects directly supports our operations, including student wages, scholarships, and course credit for working on real-world projects. Our revenue model allows us to remain financially sustainable without relying on additional university funding. For more information, please visit our website.

Clients who work with IntersectLA fully understand that their project will be developed within a learn-by-doing environment by students under the guidance of faculty and staff. By signing the contract, clients acknowledge that their project serves as a professional learning experience for students and that their participation directly contributes to our educational mission.

The following proposal outlines the **Creative Support Services for the AOA Conference**. It includes the process and deliverables for visual design, project management, and coordination of communication materials leading up to and during the event. If certain items can be streamlined for greater cost efficiency, the budget will be adjusted accordingly.

Thank you again for the opportunity. We look forward to working with you and your team. Please don't hesitate to contact us with any questions.

Sincerely,

Prof. Joe Bautista and the IntersectLA TEAM

PROJECT OBJECTIVES

This proposal outlines a collaboration between IntersectLA (IXLA) and AOA. IXLA will work closely with AOA staff and stakeholders to develop an effective communication strategy and supporting media. Our team will assist with coordination, management, and production to ensure the program's values and objectives are clearly and accurately conveyed.

PROJECT TIMELINE & DELIVERY

IXLA aims to deliver communication touchpoints in alignment with AOA's provided timeline. Meeting deadlines will depend on timely approvals, consistent feedback, and ongoing collaboration between both teams.

Timeline Objective

The project is expected to span 6 months. Specific deliverables and milestones will be prioritized after the project kickoff. Delays in feedback may impact launch dates.

TERMS & CONDITIONS

TERMS. The performance of the branding and design services and delivery of tangible property (collectively the "IXLA Services") described in the contract or invoice of which these terms and conditions are a part (or are on the face hereof) by IntersectLA to the client (the "Client") identified in the attached contract or invoice is governed by the following terms and conditions. Unless otherwise agreed to in writing, IntersectLA expressly rejects any additional or different terms or conditions proposed by the Client.

DESCRIPTION OF WORK. This Agreement (the "Agreement") for the project described herein (the "Project") to which these terms and conditions are attached shall consist of the final list of Phases (the "scope of work") and Timeline, these terms and conditions, and any change orders set forth in writing and executed by IntersectLA and the Client after the acceptance of the original scope of work. Changes to the Scope of Work may result in adjustments to the charges for the Project.

PAYMENT. Payment for IXLA Services will be made as follows: 30% of the estimated design and branding fees are due upon acceptance of the Proposal. The remaining balance (including any and all expenses for vendors, service providers, specialists or subcontractors engaged in accordance with the proposal ("Outside Expenses") not paid in advance by Client) will be due as follows: 50% upon completion of the development stage of each product, and 20% upon delivery of the finished Project. Except for the portions of invoices that are disputed in good faith by the Client for not being in accordance with the terms and conditions of this Agreement, any amounts not paid when due shall accrue interest at the rate of 1.5% per month from the date due until paid. IntersectLA reserves the right to withhold delivery of all deliverables until the undisputed portion(s) of overdue invoices are paid. All Outside Expenses, including but not limited to, Photography, Illustration, Copywriting, Printing, Mileage, Photocopies and Color Outputs will be billed with a surcharge of 20% of vendor costs. The surcharge will not be applied to deliveries and postage.

CHANGES TO THE SCOPE OF WORK. Revisions or client alterations to the Scope of Work shall obligate the Client to additional fees and costs after the 3rd set of changes. These may include but are not limited to: changes made to design after final design has been submitted; changes made to the design once the design has been approved; extensive alterations; a change in marketing objectives on the part of the Client and new work requested by the Client after the execution of the Agreement. All production costs are based on the assumption that any branding will be provided electronically. Change orders will be prepared by IntersectLA and provided to the Client outlining the changes to the Scope of Work, and any additional costs for those changes. The Client agrees to pay IntersectLA additional fees and costs for said revisions or alterations at a rate of \$20.00 per hour invoiced at 1/2 hour increments. If IntersectLA is unable to meet the delivery schedule set forth in the Agreement due to delays by Client or changes requested by Client in the Scope of Work, IntersectLA may, in its discretion, revise the production schedule as necessary and provide for adjustments in the costs for the Project.

OVERTIME/RUSH CHARGES. Estimates are based on normal and reasonable time schedules, and may have to be revised to take into consideration any "rush" requests requiring overtime or weekends. Knowledge of Client's deadline is essential to provide an accurate estimate of costs. IntersectLA overtime incurred at the Client's request will be billed at a rate of \$40.00 per hour invoiced at 1/2 hour increments. The Client will also be responsible for additional charges imposed by outside suppliers, such as pre-press or printers, to meet Client's "rush" requests. To the extent possible, IntersectLA will advise Clients of all situations that require overtime and/or rush charges, and the amount of additional compensation that will be charged to meet such overtime requirements or rush requests. Rush or overtime fees may be incurred if the Client does not meet approval or content deadlines which have been established to meet the Client's desired schedule.

OWNERSHIP AND USAGE RIGHTS. The rights to be granted by IntersectLA under this Agreement will be transferred to Client once full payment for services is made by Client to IntersectLA. Upon receipt of full payment, the Client is hereby granted exclusive and unlimited usage and reproduction rights to the final designs prepared for Client as part of the Project. Except for the foregoing license, all right, title and interest to all designs, and artwork developed as part of the Scope of Work (whether draft or final versions) remain with IntersectLA or its contractors or vendors, as applicable. This includes, but is not limited to, layouts, animations, and designs created by IntersectLA or its contractors or vendors, computer disks containing such layouts, photography or illustration created by independent photographers or illustrators commissioned by IntersectLA, and photography or other images purchased by IntersectLA from a stock agency on the Client's behalf. IntersectLA reserves the right to reproduce any and all designs created by IntersectLA in print and electronic media for IntersectLA's promotional purposes for an unlimited period of time. In developing any brand marks, IntersectLA will use reasonable commercial efforts, consistent with standards in the industry, to ensure that any such brand marks are original. IntersectLA's efforts shall not include a complete trademark clearance search. Should a higher level of assurance be required by Client, the services of a trademark firm and intellectual property attorney should be retained by Client.

NON-DISCLOSURE AND CONFIDENTIAL INFORMATION. Each Party will not, at any time, whether during or after the termination or expiration of this Agreement, for any reason whatsoever, disclose to any person or entity or use for any purpose other than fulfilling its obligations hereunder, the other Party's confidential information, as defined below. Any concepts, business strategies, trademarks, service marks, materials, outlines, etc., provided to a Party by the other Party constitute trade secrets and confidential information under this Agreement and shall not be used by the other Party for any other purpose than for the purpose of the Project.

CONFIDENTIAL INFORMATION. Confidential information means all confidential and proprietary information of either Party, including, without limitation, information relating to: the business; trade secret information; client, investor, customer and supplier lists and contracts or arrangements; financial information; market research and development procedures, processes, techniques,

INTERSECTLA

plans and results; investment or acquisition opportunities, pricing information or policies; and all other business related information, whether such information is in written, graphic, recorded, electronic, photographic, data or any machine readable form or is orally conveyed to or developed by the other Party; provided that confidential information shall not include information which: (a) is in or hereafter enters the public domain through no fault of the receiving party; (b) is obtained by the receiving party from a third party having the legal right to use and disclose the same; (c) is in the possession of the receiving party prior to receipt from the disclosing party, as evidenced by the receiving party's written records pre-dating such receipt; (d) is independently developed by the receiving party as evidenced by written record proving such independence; or, (e) is required to be disclosed by governmental order or judicial subpoena, provided that prior to disclosure the receiving party shall give the disclosing party prior notice to allow the disclosing party an opportunity to obtain an appropriate protective order; or, (f) is required by law (i.e., the California Public Records Act).

RETURN OF CONFIDENTIAL INFORMATION. Each Party shall, upon the request of the other Party, return to the other Party all written or other descriptive materials containing confidential information or otherwise relating to the other Party, its business and its intellectual property, including, but not limited to, drawings, blueprints, descriptions, notes, analyses or other papers or documents which contain any such information. In any event, upon the completion or expiration of this Agreement, or if this Agreement is terminated for any reason, each Party shall, without request by the other Party, return all aforementioned confidential information; provided that each party may retain one archival copy of the confidential information, solely for the purpose of determining its obligations under this Agreement.

INDEMNIFICATION. Each Party shall indemnify, defend, and hold harmless the other and its affiliates, officers, agents, and employees, from any and all claims, suits, actions, demands, damages, liabilities, expenses (including reasonable fees and disbursements of counsel), judgments, settlements and penalties of every kind that may be asserted or incurred including but not limited to: (a) any breach by such Party of any trademark, tradename and/or copyright infringement, invasion of privacy, defamation, or other wrongful use of any pictures, photographs, images, copy or other materials; and/or (b) the negligent, intentionally wrongful or illegal acts or omissions of such Party, its employees, agents, subcontractors or other representatives and/or (c) violations of any federal, state, local and/or international laws, rules and/or regulations to which such Party is subject.

APPLICABLE LAW/DISPUTE RESOLUTION. This agreement shall be governed by, and construed under, the laws of the State of California. In the event of a dispute arising under this Agreement, Any dispute arising under the terms of this Agreement which is not resolved within a reasonable period of time by authorized representatives of the Client and The CSU shall be brought to the attention of the Chief Executive Officer (or designated representative) of the Client and the Chief Business Officer (or designae) of The CSU for joint resolution. At the request of either Party, The CSU shall provide a forum for discussion of the disputed item(s), at which time the Vice Chancellor, Business and Finance (or designated representative) of The CSU shall be available to assist in the resolution by providing advice to both Parties regarding The CSU contracting policies and procedures. If the resolution of the dispute through these means is pursued without success, either Party may seek resolution employing whatever remedies exist in law or equity beyond this Agreement. If a Party refuses to comply with the rendered award, and the other Party enters an application for judicial enforcement thereof, the refusing Party shall bear all of the expenses incurred in connection with the dispute. Nothing in this paragraph shall prevent either Party from resorting to judicial process if injunctive or other equitable relief from a court is necessary to prevent serious and irreparable injury to one Party or to others.

CANCELLATION. In the event the Client cancels this Agreement prior to the completion of the Project, within five (5) business days of such cancellation, Client shall pay (a) IntersectLA for all work performed by IntersectLA up to the date of termination, (b) for all contracted Outside Expenses and commitments that have been incurred and cannot be cancelled and (c) a cancellation fee equal to 15% of the remaining fees that would otherwise have been paid to IntersectLA if the Agreement were to have been fully performed. The other Party which consent will not be unreasonably withheld.

WARRANTY. IntersectLA warrants for a period of 60 days following delivery of the agreed-upon deliverables that the IXLA Services will perform substantially in accordance with this Agreement. This warranty does not cover any additional marketing or branding services requested by Client and which are outside of the original scope of the Project.

FORCE MAJEURE.

- (a) Neither Party shall be liable for any failure to perform its obligations under this Agreement for the period of time that it is prevented, hindered, or delayed in performing those obligations by circumstances beyond its control, including, but not limited to, fire, strike, war, riots, acts of terrorism, disaster, acts of God, acts of any governmental authority, communicable disease outbreak, epidemic or pandemic, unavailability or shortages of labor, materials, or equipment, disruption of transportation, or any other comparable event beyond the control of the Party whose performance is affected (each, a "Force Majeure Event.").
- (b) The Party claiming Force Majeure shall, as soon as reasonably practicable after the occurrence of a Force Majeure Event, provide written notice to the other Party of the nature, extent, and expected duration of the Force Majeure Event and use its diligent efforts to mitigate the effects of the Force Majeure Event upon such Party's performance under this Agreement, it is understood that upon completion of the Force Majeure Event, the Party whose performance was affected must, as soon as reasonably practicable, recommence the performance of its obligations under this Agreement.

- (c) Notwithstanding any other term in this Agreement, including, but not limited to, the foregoing subsections of this section, during the period of a Force Majeure Event affecting performance by Client, IntersectLA may elect to do all or any of the following:
 - (i) suspend the Agreement for the duration of the Force Majeure Event and be relieved of any payment obligation for goods or services not delivered or accepted due to the Force Majeure Event;
 - (ii) obtain elsewhere the goods or services not delivered or accepted due to the Force Majeure Event;
 - (iii) extend the time for Client's performance by a period equal to the duration of the Force Majeure Event; and/or
 - (iv) terminate the Agreement as to any goods or services not already received with no further financial obligation if the Force Majeure Event continues to exist for more than thirty (30) days.

COVID-19. In the event that IntersectLA considers it necessary or prudent to cancel this Agreement due to circumstances related to COVID-19, or to any reoccurrence of the COVID-19 outbreak, IntersectLA may do so and be relieved of any further financial obligation, risk, or other liability by providing seventy-two (72) hours prior written notice of cancellation to Client. IntersectLA's right to cancel the Agreement pursuant to this section shall not be limited or restricted in any manner by any other term or section of this Agreement.

MATERIAL CHANGE OF CIRCUMSTANCES. The terms of this Agreement are based on conditions in existence on the date that Client commences performance. In the event of a material change in the conditions that adversely affect the ability of Client to perform its obligations, Client shall reasonably cooperate with IntersectLA to minimize the impact from such change in conditions on Client's performance and shall, if requested by IntersectLA, negotiate in good faith to adjust the terms of this Agreement on a mutually agreeable basis to address the impact of such material change in conditions. This provision shall not limit IntersectLA's ability to avail itself of any rights or remedies provided to IntersectLA by law, equity or any other term of this Agreement.
